**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We need price control on the cost of the internet and telephone services. Access to the internet is a necessity in *all* households. We must protect the consumer. We cannot let only a few providers hike up prices that does not pace with inflation or other cost of living increase. One way to control prices is to allow the free market decide the fair price by having more competition!
